OUR STORY

BUILDING BETTER OUTDOOR SPACES
FOR A BRIGHTER TOMORROW

Ezzy Fit was born from a simple idea – to create a smarter, stronger and more beautiful way to build outdoor spaces.

We saw a need in the market for a modern alternative to traditional timber and concrete systems – something that was easier to install, longer lasting and designed for Australian conditions. So we set out to develop a range of composite retaining walls and fencing solutions that combine structural strength with modern aesthetics.

Today, Ezzy Fit is proudly supplying homeowners, landscapers, builders and commercial projects across Australia, helping to transform outdoor spaces with products that are engineered tough and finished beautifully.

More than just a product, Ezzy Fit is a commitment to quality, innovation and a better built environment.

PEOPLE

We work with homeowners, tradies and businesses to bring their outdoor vision to life.

INNOVATION

We continuously improve our products and processes to deliver smarter, more efficient solutions.

QUALITY

We stand behind durable, reliable products built for Australian conditions.

COMMUNITY

We're proud to contribute to stronger, safer and more beautiful communities across Australia.

“We believe that great outdoor spaces create happier, healthier lives.”

— The Ezzy Fit Team

OUR VISION

To be Australia's most trusted provider of composite outdoor solutions, known for quality, innovation and lasting value.

WHY COMPOSITE?

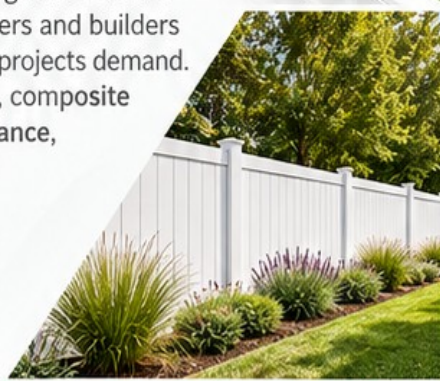

ENGINEERED EXCELLENCE

Smarter materials for stronger, longer-lasting outdoor spaces.

Ezzy Fit composite solutions are designed to deliver the strength homeowners, landscapers and builders need — with the clean finish modern projects demand. Compared with traditional materials, composite offers a smarter balance of performance, appearance and ease of installation.

Composite sleeper market comparison

Market prices below are from the supplied September 2026 competitor comparison. EzzyFit RRP's have been updated to the current supplied price schedule. Product lengths, materials, specifications and finishes vary, so these figures are market references rather than like-for-like quotations.

Brand / seller	Product	Length	Price inc. GST	Market context
EzzyFit	Pearl White sleeper	2.0m	A\$54.78	Current EzzyFit RRP
EzzyFit	Mocha / Ash Grey / Midnight sleeper	2.0m	A\$59.08	Current EzzyFit RRP
SuperSleeper - Centenary	Composite sleeper	2.0m	A\$50.43	Market reference
SuperSleeper - Barrier Hub	FRP sleeper	1.95m	A\$51.93	Market reference
Tuffpoly - Cobble Patch	Composite sleeper	1.985m	A\$61.50	Market reference
Tuffpoly - Centenary	Composite sleepers	Various	A\$61.85-74.92	Market reference
EcoSleeper - Sunset Sleepers	Plain Grey FRP	1.6 / 2.0 / 2.4m	A\$44.00-64.90	Market reference
EzzyFit	Pearl White sleeper	2.4m	A\$57.05	Current EzzyFit RRP
EzzyFit	Mocha / Ash Grey / Midnight sleeper	2.4m	A\$65.87	Current EzzyFit RRP
SuperSleeper - Barrier Hub	FRP sleeper	2.35m	A\$62.69	Market reference
Tuffpoly - Cobble Patch	Composite sleeper	2.385m	A\$74.50	Market reference

Pricing position

In the supplied comparison, EzzyFit's current Pearl White RRP's are above some lower-priced composite references and below higher Tuffpoly references. Current coloured sleeper RRP's sit within the broader composite range. Differences in dimensions, engineering, warranty, finish and intended application can affect price.

**EZZY FIT / CONCRETE MARKET
COMPARISON**

Concrete sleeper market comparison

These prices are reproduced from the supplied September 2026 competitor comparison. Concrete grades, lengths, colours, patterns and sealed finishes differ between suppliers; compare product specifications before treating prices as equivalent.

Supplier / source	Concrete product	Price inc. GST	Market context
Concrete Sleepers Brisbane	Plain Grey 55MPa	From A\$37.00	Entry / plain finish
Concrete Sleepers Brisbane	Charcoal Smooth 55MPa	From A\$43.00	Coloured finish
Concrete Sleepers Brisbane	Pattern / textured 55MPa	From A\$44.00	Decorative finish
Concrete Sleepers Brisbane	Premium sealed finishes	From A\$48.00	Premium finish
Retaining Walls Direct	2.0m Standard 40MPa	A\$50-65	Current 2026 guide
Retaining Walls Direct	2.4m Standard 40MPa	A\$49-65	Current 2026 guide
Retaining Walls Direct	2.0m Heavy Duty	A\$60-72	Higher structural grade
Retaining Walls Direct	2.4m Heavy Duty	A\$67-72	Higher structural grade
Gorilla Wall	Cove standard concrete	A\$66-80	2.0m / 2.4m options

Comparison limitations and sources

The comparison is for price positioning only. Weight, dimensions, engineering, warranty, finish, freight, installation method and structural application may differ materially. Source names listed in the supplied comparison: Centenary Landscaping, Barrier Hub, Cobble Patch Logan, Sunset Sleepers, Concrete Sleepers Brisbane, Retaining Walls Direct and Gorilla Wall. Prices should be checked before use in a customer quote.

EZZY FIT / PARTNER BENEFITS

Why Partner With EzzyFit?

More Than Products. A Partnership Built for Growth.

Explore the advantages of building your business with an Australian brand.

01

An Australian Brand You Can Build On

Work with an Australian brand, a professional identity and a growing range of composite building products.

02

Start With Real, Ready-to-Sell Stock

A mixed container of products helps you launch with inventory on hand, reducing guesswork and improving your ability to supply customers.

03

Initial Setup and Business Support

Our team helps with the initial setup, product knowledge, sales guidance and practical coordination as you establish your operation.

04

Larger Territory Opportunities

Explore substantial geographic territories designed to give your business room to develop customers and grow its local presence.

05

An Expanding Product Portfolio

Access opportunities across retaining wall sleepers, fencing, decking, roofing and new product lines as the EzzyFit range develops.

06

Exclusive Local Partnership Potential

Subject to approval and agreement, develop local reseller relationships and exclusive partnership opportunities within your allocated territory.

Let's Grow Together

Discuss your market, product mix and business goals with our team to explore the right partnership model.

Territories, exclusivity, stock mixes and support arrangements are subject to written agreement.
